JOHN E. CARR'S HOME

DAMAGED BY FIRE

Blaze Started in Cellar While Family Was in Danbury at Son's Burial—Loss Covered by Insurance.

The home of John E. Carr on Oak street was visited by fire about 10:30 o'clock Saturday night. Mr. and Mrs. Carr were in Danbury where they had accompanied the body of their son who was buried in that city Saturday afternoon. The fire was discovered by a neighbor who saw a light in the cellar of the Carr home. She asked the neighbors if anyone was at home and when it was learned that no one was there an investigation was made. As one of the cellar windows was kicked in the flames shot out. An alarm was sent in from the box on the corner of Summit and Jackson streets. When the fire companies arrived it was found that the fire was almost entirely confined to the cellar around the heater. One of the heaters had been overturned and the fire to some extent but all of the furniture was removed without being damaged. The volume of smoke

damaged the interior of the house but all of the damage is covered by insurance. It is thought that the fire started from an overheated furnace.

Jordan Block Wall Ordered Razed

The building inspector has given orders that the front wall of the ruins of the Jordan block is unsafe and must be razed by the ninth of the month. The vicinity of this wall is now roped off and an officer is stationed near to see that none get near enough to the building to get injured in case this wall should fall.

Boys Took Tires From Fire Ruins.

Saturday night Officer McArthur saw several boys running away from the ruins of the fire and upon investigation he found a number of bicycle tires which had been taken out of the ruins, ready to be taken away. The officer took the tires to the station house where they will be kept for some time. It is not known who the boys were as they ran away at his approach.

WIFE'S POSTAL CHECK

STOLEN BY HUSBAND

Mrs. Sierowski, Working to Support Her Family, Objects to Theft—Husband Arrested.

Saturday night the police received a complaint from Mrs. Sierowski that her husband had taken a postal savings deposit check valued at \$50 from her. The check was made out in her name. Officer Burley went to the home of the man on Chapman street and found him in an intoxicated condition but denying the theft of the check. He was taken to police headquarters where he gave his name as Emanuel Sierowski and a native of Russia. He worked, until a week ago, on the railroad. The police have learned that his wife works all the time to support her home while her husband spends most of his money for liquor. He is held on the charge of intoxication and will appear at this morning's session of the police court.

CITY REPORTS PRESENTED

Water Department Shows Substantial Gain—Fewer Fires—Chief Richmond Praises Police Officers.

The annual reports of the various departments of the city were turned in during the past week. One of the pleasing features is the report of the water department which shows an increase in receipts over the previous year. The water rents alone show an increase of over \$1500 over 1915. The report of the street department

stated that the repairing and fixing up of Jackson street was one of the biggest undertakings that the city has taken up in many years. The regular expense for street work was \$12,348.72.

The report of the health officer showed that there were 255 cases of contagious diseases in this city during the past year. Of this number 25 were cases of infantile paralysis.

The report of Fire Chief Thomas F. Foley stated that there had been fifty-five fires during 1916. This is twenty-nine less than during the preceding year. Of the fifty-five fires 36 were still alarms. Chief Foley issued fifty-two building permits while acting as building inspector.

Mrs. Bell B. Rigglesman, librarian, reported that 34,030 books had been circulated during the year, which is less than the number circulated during 1915. A number of the books in the library have been destroyed by loss and there are now 9,310 books on the shelves.

The report of Police Chief E. H. Richmond may be summarized as follows:

There have been 514 arrests made. Fines and costs aggregating \$1,749.95 were imposed and collected last year. Lost and stolen property valued at \$1,608.74 was recovered and returned to owners. Electric lights were out 2,565 hours and reported to city treasurer for deduction and 1,688 complaints investigated and adjusted by the officers within the past year.

The officers by strict attention to duty and the knowledge of the far reaching importance of their work in preventing as well as detecting crime have kept the city with but few exceptions free from serious offenses.

The public little realizes, however, the amount of work that is required to constantly be accomplished in this particular line of duty which is necessary to get good results and if not done might cause serious loss to our citizens and cause for the department, and he is able to report the officers have spared no effort on their part to get the rating of the city which has resulted in the past year.

JORDANS WILL REBUILD

Owners of Burned Block to Erect a Modern, Fireproof Building.

It became known Saturday that F. D. and William P. Jordan, owners of the Jordan block, which was destroyed by fire recently, are contemplating rebuilding as soon as possible. As the matter of insurance has just been adjusted, the Jordan block is being repaired. It is the intention of the owners to erect on the site a modern fireproof building of steel and concrete.

FUNERALS

John P. Carr.

The funeral of John P. Carr was held from the home of his parents on Oak street Saturday morning at 10 o'clock. Requiem high mass was celebrated in St. Joseph's church at 10:15. Rev. T. F. Bannon officiating. Special music was sung at the services which were attended by a large assemblage. There were many floral tributes from friends, relatives and various organizations.

Harry J. Kelley, Robert E. Kelley, Robert E. Casey and Arthur F. Squires were the bearers. During the morning relatives accompanied the body to the Danbury where burial was in the St. Peter's cemetery. Rev. O. S. Baumeister read a committal service at the grave.

The body of Mrs. Marjorie A. Tracy, who died last February, was brought to this city Saturday from Bridgeport and placed in the family burying lot in the Willimantic cemetery. Mrs.

Tells a Secret

Manufacturer of Famous Medicine Tells Ingredients, So Public Can Appreciate Pure, Reliable Medicine.

Many people fear to take medicine to check and abort colds, cure coughs, catarrh, etc. This fear is groundless with all the products of The Blackburn Products Co., Dayton, Ohio. Not one contains opiates, narcotics or harmful drugs. Mentho-Laxene, for coughs, colds, croup and all distress following a cold, is a compound of Wild Cherry, Tolu, Cascara, Grindelia, Mentho-Ammonium Chloride, and alcohol sufficient to preserve and keep in solution.

Every ingredient is in concentrated form and the medicine is so strong that only ten-drop doses are to be taken in the "raw" state. But the ideal way is to make into a syrup by emptying a 2 1/2 oz. bottle of Mentho-Laxene into a pint bottle and then fill the bottle with granulated sugar syrup, made by dissolving a pint of sugar in a half pint of boiling water. It is said by thousands that this makes a most effective home treatment for all cold troubles. The manufacturer guarantees it to please or money back. Sold by all good druggists.

Tracy was well known in this city, having lived here at one time.

Gilman Will Filed for Probate.

The last will and testament of Nelson Gilman was filed in the probate
